

**BUILT FOR FORESTRY
ENVIRONMENTS**

Lumisave, the name you can trust.

Since 2009, Lumisave has been committed to developing a high quality, durable and reliable industrial LED fixture. Using innovative technologies and working closely with certified testing agents, Lumisave has been able to provide better energy savings while also able to provide custom products to meet the ever changing needs of our customers.

Located in beautiful Prince George, BC; Lumisave is proud to be one of Canada's most northern industrial LED fixture manufacturers.

Our Commitment to the Forestry Industry

Lumisave offers an extensive range of products and solutions designed specifically to withstand the rigors and hazards of the forestry industry and the great communities that surround them.

Proven products that operate safely and reliably in the most hazardous and corrosive environments, coupled with industry leading sales and service support, provide a best-in-class solution for forestry mills, processing plants, high-temperature locations along with all other forestry related applications.

Our localized production and industry leading after sales support allow us to address any issues that may be encountered on site, greatly minimizing any downtime for our customers.

What's Important to Us

Vision

With a focus of continually improving our product and service quality, Lumisave will continue to grow and become a leader in the LED lighting industry. We understand the value in being able to adapt quickly in the ever-changing market conditions to provide our customers with quality and functional products.

Quality

Each fixture is assembled by hand and inspected for quality by our in-house lighting technicians ensuring consistent product quality.

Service

Lumisave takes pride in providing unmatched service support for all of our customers, offering lighting audits, lighting layouts & custom designs to fit any unique application

Local Manufacturing

All Lumisave products are assembled at our Prince George, BC location, significantly improving lead times and decreasing any downtime on site

Lumisave

Key Features of the UMS:

- Built in Junction Box - Added Installation Convenience
- Heavy Industrial Machined Aluminum Construction
- Stanchion & Wall Mount Compatible
- Fully sealed IP65 ratings
- Approved for use In Hazardous Locations
- Patent Protected Design exclusive to Lumisave
- Straight or Angled Mounting Options

AT A GLANCE - FL395 & FL375

	FL395 FLOOD LIGHT	FL375 FLOOD LIGHT
	 <p>Made to withstand extreme conditions, the FL395 Heavy Industrial LED Flood Light provides 22,500 lumens of light. This exclusive flood light has been built from the ground up with the harshest of environments kept in mind, so this flood light is able to handle anything you throw its way.</p>	 <p>The FL375 is an extremely durable single-chip Industrial LED light suitable for the harshest consumer locations. Our Heavy Industrial series LED lights are exclusive to Lumisave and are designed, assembled, and tested in Canada. The FL375 is one of the toughest products in our line up.</p>
Wattage	150W	80W
Lumens	16,972 LM (Delivered)	8,183 LM (Delivered)
Voltage	120-277V or 347-480V	
Hazardous Ratings	CLASS I, DIV. II, GROUPS A,B,C,D - T3C CLASS II & III, DIV. II - T5	
Colour Temperature	5000K	
IP Rating	Wet Location - IP66	
Weight	17KG	9.5KG
Dimensions	603mm x 343mm x 231mm	343mm x 354mm x 289mm
Warranty	5 Year	5 Year
Temperature Rating	-40°C to 40°C	-40°C to 40°C

The Lumisave Advantage

- Our qualified lighting technicians assemble and inspect for quality all fixtures here in Canada
- Shorter lead times on purchases and quick turnarounds for all warranty claims, reducing downtime
- 5 year limited warranty on any defect in material or workmanship
- Technical support
- 80,000+ hours LED lifespan reducing maintenance costs
- Most fixtures are available in AC Voltages from 110V to 480V
- Our Heavy Industrial and Industrial series fixtures can be Hazardous Location Certified for:
Class I Div 2/Zone 2, Class II & Class III Div 2
- Our rugged, weather proof designs are ready to tackle the harshest of climates
